Global Impact Of Coaching

Who Does Coaching Impact?

Executive Coaching accelerates your professional growth, no doubt. But there's so much more...our Certified Executive Coaches ensure those who work for you and those you report to also benefit from your **IMPROVED STRATEGIC DECISION MAKING**, expanded global perspective and increased cultural and emotional intelligence... while the wider organization realizes a **STRONGER LEADERSHIP PIPELINE**, sustainable global business results and increased global innovation.

With an average **SEVEN-FOLD ROI** on LGCG Leadership Coaching, you and your organization can't lose!

Executive Coaching • Senior Leadership Acceleration
 Global Leadership Development • Cross-Cultural Communications • Global Team Development • Virtual Team Management • Global Meeting Facilitation

How Will We Help You Accelerate?

One important tool we use to accelerate your growth is the **GLOBAL BUSINESS VALUE CHAIN (GBVC)**. Partnering with you and your Manager, your Executive Coach formulates the GBVC to create a clear roadmap to ensure you arrive exactly where you want to be – when you want to be there.

With the help of a Gap Analysis, we partner with you to identify exactly what you need to tie organizational needs to desired outcomes and strategic goals. The GBVC then serves as a practical, yet strategic, guide to **PRODUCE EXCEPTIONAL OUTCOMES** every step of the way.
